I. Introduction and Summary

Zapata County Independent School District ("Zapata CISD"), and in accordance with Sections 54.719(c) and 54.722 of the Commission's Rules, appeals a decision of the Universal Service Administrative Company ("USAC"), Schools and Libraries Division (the "SLD"). Specifically, Zapata CISD appeals or alternatively, requests a waiver of the USAC decision issued November 12, 2009 and November 15, 2009, respectively (EXHIBIT A), in which it affirmed a previous determination that the district's Form 471 filed with respect to its procurement of services did not comply with state and/or local competitive bidding guidelines and did not get board approval for the Internal Connections services, therefore, should not have been funded.

The undersigned is the Chief Financial Officer ("CFO") for Zapata County Independent School District ("Zapata CISD") located at 17th and Carla, Zapata, Texas 78076, a Texas school district

which is an applicant under the Universal Service Support Mechanism ("E-Rate Program" or "Program") for the Schools and Libraries Division Support Mechanism ("SLD"), commonly known as the E-Rate program. This request comes before the Commission in a timely manner from the Administrator decision letter.

"After a thorough investigation, it has been determined that this funding commitment must be rescinded in full. During the course of the audit it was determined that the applicant failed to comply with the FCCs competitive bidding requirements. The applicant did not advertise in the local paper when and where submitted bids would be received and opened. Nor did the applicant get board approval for the Internal Connections services. According to the FCCs competitive bidding requirements, Applicants are required to follow state and local procurement requirements. Since the Applicant failed to comply with the procurement requirements, the commitment has been rescinded in full and USAC will seek recovery of any disbursed funds from the Applicant."

During an attestation audit conducted in April, 2009 (Exhibit B), Ernst & Young found that Zapata CISD did not publish their notice of intent to purchase in the local newspaper. Zapata CISD respectfully submits that because of special circumstances, the newspaper advertisement was not placed in the local newspaper. Zapata County is a very small town with a population of 5,390 according to the July 2007 statistical publication with a newspaper circulation that is also very small. Two dominant special circumstances occurred that led to this oversight of publishing in the local newspaper: 1) during this filing process, the district Coordinator of Technology, Mr. Gilbert Flores, was on active duty in Iraq serving his country. This made the application process especially difficult since the person left in charge, Mr. Jorge Montes, was not given ample time to learn and familiarize himself with the E-Rate program rules. Realizing the difficulty at hand and the lack of knowledge Mr. Montes had, they ultimately contracted with an outside consulting service, relying on their expertise to handle all of the E-Rate processes and follow the program rules, which led to 2) the second special circumstance: a consulting service that was not familiar with the district or the state purchasing requirements as it turned out. We submit that the intent of the competitive bidding requirements were followed and we request an appeal of the decision to recover all funding for this FRN.

Secondly, the attestation audit also found that Zapata CISD did not get board approval for the Internal Connection services. Zapata CISD respectfully disagrees with this finding and has included board minutes in which the approval for all purchases was made (Exhibit C). The date of the board approval was on February 18, 2005 and the FCC Form 471 (484065) was file and certified on February 18, 2005. Both special circumstances listed above are the direct result for the board approval letters not being found during the audit. We contend that had these two circumstances not been in effect, neither of the findings would have occurred.

For the reasons outlined in this document, Zapata CISD believes it has complied with the intent of its obligations to follow all program rules to the best of their ability given the situation present at the time pursuant to both 47 C.F.R. § 54.504(a). When Zapata CISD found themselves without their Technology Coordinator because he was serving his country, they took steps to make sure all program rules were followed. Unfortunately, the consulting service as it turns out, was not

capable of handling this process. The SLD's decision in this case would cause Zapata CISD to be required to reimburse USAC for over \$1,253,400.00 which would cause undue hardship on the District. Such a result is contrary to the intent of the Telecommunications Act and is a wholly inequitable result. As such, the SLD's determination of November 12, 2010 and November 15, 2010 should be reversed by the Commission. In the alternative, Zapata CISD seeks a waiver of the Commission's rules to allow Zapata CISD to retain the funding it received. In this case, granting a waiver would avoid the inequitable result of forcing the District to reimburse the SLD despite the fact that Zapata CISD made every effort to comply with the Commission's rules and state and/or local requirements.

Sequence of Events and Background:

The C.F.R. requires that all eligible schools seek competitive bids pursuant to 47 C.F.R. § 54.404 for all services eligible for support under §§ 54.502 and 54.503, which include Internal Connection services. According to the C.F.R., "[t]hese competitive bid requirements apply in addition to state and local competitive bid requirements and are not intended to preempt such state or local requirements." *Id.*, § 54.404(a). The eligible school is required to post a Form 470 to the USAC Administrator (the "Administrator") which is then posted by USAC on its website seeking bids for the services at issue. *Id.*, § 54.404(b). Among other requirements, the District is required to review and evaluate the bids and accept the bid that is the most cost-effective but only after the Form 470 has been posted for at least 28 days. *Id.* Subsequently, an eligible school "shall, upon signing a contract for eligible services, submit a completed FCC Form 471 to the Administrator." 47 C.F.R. § 54.404(c). The "Form 471 shall be signed by the person authorized to order telecommunications and other supported services for the eligible school, library, or consortium and shall include that person's certification under oath" that, among other things, "[t]he entities listed on the FCC Form 471 application have complied with all applicable state and local laws regarding procurement of services for which support is being sought." 47 C.F.R. § 54.404(c)(vi). The certification corresponds with 47 C.F.R. § 54.404(a) statement that the competitive bid requirements apply in addition to state and/or local competitive bid requirements.

Zapata CISD is an eligible school district which seeks discounts for eligible services pursuant to 47 C.F.R. § 54.504. Pursuant to this regulation, Zapata filed Form 470 (495060000534896) for Internal Connection services on 01/14/2005. After waiting more than 28 days, as required by 47 C.F.R. § 54.504 "before making [a] commitment with the selected providers of services," Zapata CISD received a total of two (2) bids. An evaluation of the 2 bids was concluded with one vendor, Integrity Communications (SPIN 146025872) being selected as the most cost effective vendor based on E-Rate program rules. On February 18, 2005, the Zapata CISD Board of Trustees approved the award to Integrity Communications. On 02/18/2005, Zapata CISD filed Form 471 pursuant to 47 C.F.R. § 54.504(c) certifying that it had a signed contract and that it had complied with all state and local laws regarding the purchase of these services.

On April 27, 2006 the SLD sent its Funding Commitment Decision Letter ("FCDL") regarding these services. The services, which consisted of Internal Connection services, were then implemented.

REQUEST FOR A WAIVER

In the event that the Commission does not grant Zapata CISD's appeal, the District requests, in the alternative, pursuant to Section 1.3 of the Commission's Rules, that the Commission grant a waiver of its rules to permit Zapata CISD to qualify under the Telecommunications Act. 47 C.F.R § 1.3. For the reasons detailed below, Zapata CISD believes such a waiver is equitable and consistent with the Act as well as prior Commission waivers relating to the filing of FCC Forms 470 and 471.

Section 1.3 provides that the Commission may waive its rules "*if good cause therefore is shown.*" 47 C.F.R § 1.3. Generally, a waiver is appropriate if "*special circumstances warrant deviation from the general rule and such deviation will serve the public interest.*" *Northeast Cellular Telephone Co. v. FCC*, 897 F.2d 1164 (D.C. Cir. 1990);

"6. Generally, the Commission's rules may be waived for good cause shown. The Commission may exercise its discretion to waive a rule where the particular facts make strict compliance inconsistent with the public interest. In addition, the Commission may take into account considerations of hardship, equity, or more effective implementation of overall policy on an individual basis. Waiver of the Commission's rules is therefore appropriate only if special circumstances warrant a deviation from the general rule, and such a deviation will serve the public interest."

See also WAIT Radio v. FCC, 418 F.2d 1153, 1159 (D.C. Cir. 1969);

"The Commission may waive its rules 'for good cause shown'. To obtain a waiver of the Commission's rules, a waiver proponent must demonstrate either that: (i) the underlying purpose of the rule(s) would not be served or would be frustrated by application to the present case, and that a grant of the waiver would be in the public interest; or (ii) in view of unique or unusual factual circumstances of the instant case, application of the rule(s) would be inequitable, unduly burdensome, or contrary to the public interest, or the applicant has no reasonable alternative. An entity seeking a waiver faces a high hurdle and must plead with particularity the facts and circumstances that warrant a waiver."

A waiver is appropriate here because Zapata CISD complied to the best of their ability with the requirements of the Telecommunications Act and with state and local bidding requirements. In the event the Commission does not agree with the District that it complied with the letter and intent of 47 C.F.R. § 54.404(a), it should waive these rules and reverse the SLD's determination of November 12, 2010 and November 15, 2010.

There is no evidence in the record that Zapata CISD engaged in activity intended to defraud or abuse the E-Rate program. Denying its requests for funding would create undue hardship, not serve the public interest, and prevent it from receiving E-Rate funding for work already

performed by Integrity Communications for services that are being used the District's classrooms in compliance with program rules. Accordingly, we feel good cause exists to grant Zapata CISD a waiver of section 54.504(a) of the Commission's rules. Additionally, Zapata CISD has put an Internal Control Plan (ICP) into place to keep such occurrences from ever occurring again. This ICP is an internal document that was developed as a result of the Ernst and Young audit that clearly sets forth strategies for all aspects of the E-Rate process with recognizable status, timelines, person responsible, and evidence of action within the document. Clearly, Zapata CISD has met the recommendations that were outcomes of this audit and subsequent report that was filed. We find this a 'best practices' type of document that will be utilized within the district for all future E-Rate activities.

CONCLUSION

Zapata CISD respectfully requests that the Commission reverse the SLD's determination of November 12, 2010 in which it affirmed a previous determination that Zapata CISD's Form 471 filed with respect to its procurement of Internal Connection services did not comply with TEA procurement policies, and, therefore, should not have been funded. In the alternative, Zapata CISD seeks a waiver as described herein, to allow Zapata CISD to retain the funding it received pursuant to the Funding Commitment Letter issued by the SLD on April 27, 2006.

Respectfully submitted,

Our routine review of Schools and Libraries Program (Program) funding commitments has revealed certain applications where funds were committed in violation of Program rules.

In order to be sure that no funds are used in violation of Program rules, the Universal Service Administrative Company (USAC) must now adjust your overall funding commitment. The purpose of this letter is to make the required adjustments to your funding commitment, and to give you an opportunity to appeal this decision. USAC has determined the applicant is responsible for all or some of the violations. Therefore, the applicant is responsible to repay all or some of the funds disbursed in error (if any).

This is NOT a bill. If recovery of disbursed funds is required, the next step in the recovery process is for USAC to issue you a Demand Payment Letter. The balance of the debt will be due within 30 days of that letter. Failure to pay the debt within 30 days from the date of the Demand Payment Letter could result in interest, late payment fees, administrative charges and implementation of the "Red Light Rule." The FCC's Red Light Rule requires USAC to dismiss pending FCC Form 471 applications if the entity responsible for paying the outstanding debt has not paid the debt, or otherwise made satisfactory arrangements to pay the debt within 30 days of the notice provided by USAC. For more information on the Red Light Rule, please see "Red Light Frequently Asked Questions (FAQs)" posted on the FCC website at http://www.fcc.gov/debt_collection/faq.html.

TO APPEAL THIS DECISION:

You have the option of filing an appeal with USAC or directly with the Federal Communications Commission (FCC).

FUNDING COMMITMENT ADJUSTMENT REPORT

On the pages following this letter, we have provided a Funding Commitment Adjustment Report (Report) for the Form 471 application cited above. The enclosed Report includes the Funding Request Number(s) from your application for which adjustments are necessary. See the "Guide to USAC Letter Reports" posted at <http://usac.org/sl/tools/reference/guide-usac-letter-reports.aspx> for more information on each of the fields in the Report. USAC is also sending this information to your service provider(s) for informational purposes. If USAC has determined the service provider is also responsible for any rule violation on the ERN(s), a separate letter will be sent to the service provider detailing the necessary service provider action.

Note that if the Funds Disbursed to Date amount is less than the Adjusted Funding Commitment amount, USAC will continue to process properly filed invoices up to the Adjusted Funding Commitment amount. Review the Funding Commitment Adjustment Explanation in the attached Report for an explanation of the reduction to the commitment(s). Please ensure that any invoices that you or your service provider(s) submits to USAC are consistent with Program rules as indicated in the Funding Commitment Adjustment Explanation. Report of Independent Accountants

Zapata County Independent School District
Universal Service Administrative Company
Federal Communications Commission

We have examined Zapata County Independent School District's (the "District's") (Beneficiary Number 141503) compliance with 47 CFR Part 54 and relevant Federal Communications Commission ("FCC") Orders identified in the accompanying Attachment 1 and Universal Service Administrative Company ("USAC") implementing procedures, as applicable, (collectively, the "Rules") related to specific support payments of \$748,005.38 disbursed from the Universal Service Fund under the Schools and Libraries Support Mechanism during the fiscal year ended June 30, 2008, relative to Funding Years 2005, 2006, and 2007 as listed in Attachment 2. Management is responsible for the District's compliance with those Rules. Our responsibility is to express an opinion on the District's compliance based on our examination.

Except as discussed in the following paragraphs, our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and, accordingly, included examining, on a test basis, evidence about the District's compliance with those Rules and performing such other procedures as we considered necessary in the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified Rules.

We were unable to obtain sufficient documentation from service providers supporting compliance with 47 CFR §54.500 (b), 47 CFR §54.502, 47 CFR §54.504 (b) (2) (iii), 47 CFR §54.504 (b) (2) (v), 47 CFR §54.504 (c) (1) (vii), 47 CFR §54.504 (f), 47 CFR §54.505 (a), 47 CFR §54.513 (c), and 47 CFR §54.523 (eligible services) related to the invoices listed in Attachment 5, nor were we able to satisfy ourselves as to the compliance with those rules for those invoices by other auditing procedures.

We were unable to obtain sufficient documentation from the District supporting compliance with 47 CFR §54.500 (b), 47 CFR §54.502, 47 CFR §54.504 (b) (2) (iii), 47 CFR §54.504 (b) (2) (v), 47 CFR §54.504 (c) (1) (vii), 47 CFR §54.504 (f), 47 CFR §54.505 (a), 47 CFR §54.513 (c), and 47 CFR §54.523 (eligible services) related to the invoices listed in SL2008BE074_F05, nor were we able to satisfy ourselves as to the compliance with those rules for those invoices by other auditing procedures.

We were unable to obtain sufficient documentation from the District supporting compliance with FCC Order 00-167, Paragraph 10, related to Funding Request Numbers listed in SL2008BE074_F03 (competitive bidding), nor were we able to satisfy ourselves as to the compliance with that rules for those FRNs by other auditing procedures.

Our examination disclosed material noncompliance with respect to document retention matters applicable to the District relative to the specific support payments listed in Attachment 2, disbursed from the Universal Service Fund under the Schools and Libraries Support Mechanism during the fiscal year ended June 30, 2008. Detailed information relative to the material noncompliance is described in Findings SL2008BE074_F01 through SL2008BE074_F07 in Attachment 3.

In our opinion, because of the effect of the material noncompliance described in the sixth paragraph, the District has not complied with the aforementioned Rules relative to the specific support payments disbursed from the Universal Service Fund under the Schools and Libraries Support Mechanism during the fiscal year ended June 30, 2008 as listed in Attachment 2.

Internal Control over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with the Rules. In planning and performing our examination, we considered the District's internal control over compliance with the Rules that could have a direct and material effect on compliance with the Rules in order to determine our examination procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified significant deficiencies in internal control over compliance that we consider to be material weaknesses.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a program such that there is a more than a remote likelihood that noncompliance with a type of compliance requirement that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance, SL2008BE074_F01 through SL2008BE074_F07 and SL2008BE074_C01, described in Attachment 3 to be significant deficiencies.

A *material weakness* is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement will not be prevented or detected by the entity's internal controls. We consider the significant deficiencies in internal control over compliance listed in the previous paragraph, SL2008BE074_F01 through SL2008BE074_F07 and SL2008BE074_C01, to be material weaknesses.

The District's responses to the findings and comments identified in Attachment 3 to this report are described in Attachment 4. We did not perform an examination of the District's responses and accordingly, we express no opinion on them.

This report is intended solely for the information and use of the District, the USAC, and the FCC, and is not intended to be and should not be used by anyone other than these specified parties.
